

Student Directory Information

The District may provide directory information, if available, to specific parties and/or for a defined purpose.

Student directory information is designed to be used internally within the District. For purposes of this regulation, and other policies relating to student directory information, student is defined as an enrolled individual in pre-kindergarten through twelfth grade, including children in district-sponsored child care programs, if any. Directory information is defined in the Annual Notice. It may include the student's name, e-mail address, grade level, enrollment status, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, awards received, the most recent previous educational agency or institution attended by the student, photograph or other likeness.

Prior to developing a student directory or to giving general information to the public, parents of students, including those open-enrolled out of the District and parents of children home-schooled in the District, will be given notice annually of the intent to develop a directory or to give out general information and have the opportunity to deny the inclusion of their child's information in the directory or in the general information about the students.

It shall be the responsibility of the Superintendent/designee to provide notice and to determine the method of notice that will inform parents.
