With GeoAlerts, create alert zones at pick up or drop off locations, or anywhere on the map, to receive GeoAlert notifications when the bus arrives at or departs from the alert zone.

Tap the student's schedule to open the map where you can add a new GeoAlert

Tap the GeoAlert button at the bottom of the map and select Add GeoAlert from the GeoAlerts menu

Name the new GeoAlert and tap Save

Move the map to position the GeoAlert, use the slider to change the size and select when you want alerts sent
