

Q & A for RFP – IMC Furniture

Q: Do you require items to be made in the USA?

A: This is not a mandatory requirement, but it does likely play a factor in the ability to meet project timelines as outlined in the RFP.

Q: As per the documents, full-size samples of the products must be submitted by 02/14. Is there a way for us to send our samples at a later stage of the process or upon request?

A: The bid award will be made in part by acceptance of the quality of materials. Samples are requested to assist in reviewing this attribute of material quality.
